

DANFORTH FILTERS

AIR FILTRATION SERVICES

At Danforth Filters, we believe in providing our customers with quality Air Filtration products and the best customer service that truly sets us apart from the competition. This is why we've invested in our staff to become the most knowledgeable in the industry. With Certified Air Filtration Specialists (CAFS) and NAFA Certified Technicians (NCT), you're sure to get the best air filtration products and support you need easier than ever before.

Our Capabilities

CUSTOM-SIZED AIR FILTERS

We will special order or fabricate your custom-sized air filters to your exact specifications, ensuring a perfect fit every time.

CUSTOM PRODUCT LABELING

We will prepare each order with custom product labels for clarity and easy change-out. Labeling capabilities include PO's, AHU's, building ID's or your internal part numbers.

LOCAL DELIVERY

We provide local delivery to any facility located in WNY. We also ship products across the continental United States using our trusted LTL partners.

Our Team

DEDICATED CUSTOMER SERVICE

Our expert staff ask the right questions and respond to your inquiries promptly to ensure you get the right answers and the right products.

INDUSTRY EXPERTS

Our experienced staff consists of NAFA Certified Air Filtration Specialists (CAFS), and NAFA Certified Technicians to provide support, HVAC facility surveys and on-site training for your team.

SOLUTION PROVIDERS

Whether you need customized auto-ship programs, comprehensive HVAC facility surveys, or on-site air filtration training, we can help. We will tailor a solution to fit your needs.

Who We Are

Defining Excellence Since 1884.

As an industry leader with over 130 years of experience, John W. Danforth Company specializes in providing engineered mechanical solutions in the Commercial, Sports & Entertainment, Industrial, Healthcare, Higher Ed & K-12, Government, and Advanced Technology Manufacturing (ATM) markets.

Our mission is simple: to deliver industry leading experiences for our customers every day. Throughout the entire lifecycle of a project, our in-house sales, estimating, CADD, fabrication and installation teams work together to ensure we deliver technical solutions and value-based results.

Vision

Build meaningful relationships from coast to coast

Mission

Deliver industry leading experiences for our customers every day
